## **6. Future plans**

Christmas Cup 2021: Idea is for three forest and one sprint day. FVO have kindly said MA can use some of their best forest areas. Initially entries will only be open to people who wish to enter the full suite of events, then opened up assuming there is still space. Resolution Sprint to be South Gyle.

Sprint Scotland 2022: already agreed to be Dundee. Concerns re MOC clash and possible implications for it being test races. We will consider offering to make it Scottish Sprint Champs if there is a vacancy and the format would work.

(post-meeting note: agreed with SOA that the Sunday to be Scottish Sprint Champs)

Coast & Islands 2022: Chris was moving ahead with plans for another edition of this, looking at possible areas in Kintyre and Knapdale and also on Arran.

2023 Euromeeeting: it was confirmed that the plan for this was FVO leading (with WOC 2024 involvement for key roles/functions) but that MA were supportive and likely to be involved including planners and perhaps maps too.

Coast & Island 2021 maps – can we come up with a plan to use them, they cost £7k....would be good to use some of them again before it is time for C&I to go back there. ACTION: raise it with Scott Fraser re SEDS using for Purple Thistle

## **7. Applications/Funds**

Given the healthy financial position and the healthy pipeline of events/maps, it was agreed to consider further lottery funding applications in due course rather than treating as an immediate priority. Possible ideas floated for future applications were Coast & Islands re new maps and rural/low income areas, possible improved quality of films we make (or that even exist) re GB elite orienteering. Also suggested that the second of these could also be relevant for a future application the SOA Development Fund.

## **8. AOB**

It was proposed that Martin Bagness and Mike Smithard were offered Friend of MA status. This was agreed.

ACTION: GG to contact both of them

ACTION: GG to set up google account for our maps, data, etc

Chris raised that 'Masterplan Adventure' does not have orienteering in the name and whether hence we wished to consider a change. There was some discussion about the pros/cons and about levels of name awareness currently, and it was agreed that we did not wish to make a change at this time.
